1. AQAR Report 2020-21
2. New college website and compliance of website with NAAC guidelines
3. IQAC sub-committees

Minutes of the Meeting

The IQAC report of 2020-21 was shared with all stakeholders for further improvement of the college activities as per NAAC guidelines. Dr. Rekha Sharma suggested that for teaching learning, there should be more focus on practical exposure or invited lectures by experts from industry so that employment opportunities for students could be expanded. She further suggested that tracking of alumnae employment and engaging them for students' placement and internships would further increase experiential opportunities and understand laterally i.e., building skills and capacities for being industry ready. D. Shashi Prabha also felt that experts' interaction with bureaucrats (MHFW, MHRD, etc.) is important for an enriched exposure.

The heads of departments shared that they track progression of alumnae in their careers. Mrs. Bindu Dogra focused on tracking students after passing out from college. Heads informed that some students from DDPHN & Food & Nutrition join diet consultancy. They felt that

students who have experience either as interns or in projects get better pay packages during placements. Ph.D. scholars expect higher packages and they need support in this endeavour. During Covid-19 students were able to find good opportunities for online internships which also helped them get better packages during placements. The employers are seeking trained professionals for hiring. To enable our students for aggressively presenting their profile via CV will help in getting long duration internships and better employment role. Also, if continuity in internships at UG & PG levels could be maintained, along with short term courses further enrich their knowledge base and increase chances for better employment possibilities. We need to identify and focus on gap areas (professionals needed and their availability) such as textile conservation, environmental awareness, carbon foot-print assessments, industry linkages and ways to commercialize the knowledge base. Many online internships were available during Covid-19 which focused on interactive work and therefore provided enriching experiential exposure. WCD letter stresses on aspects like developing kitchen gardens to improve health and enhance immunity, recipes from immunity booster foods (eg. Ayush etc.) and Yoga, etc.

Members were happy to note that college has installed a SPV plant. They suggested to find out electricity generated by SPV system and power saving post installation of LED lighting system. It was felt that the electricity bills need to be monitored to find out the details concerning power usage and electricity generated. A 2 crore plant should save 40lakhs per annum. We need to analyze the balance sheet with the auditor to be optimize expenditure.

Alumnae contribution is an important part of AQAR form and carries lot of weightage points. Alumnae contributions have be formalized and system and procedures organized as per NAAC guidelines and the same should be informed to aspiring alumnae who want to donate to college.

Members felt that the IQAC committee should be expanded so that data collected is intensive and timely. The meeting concluded with the vote of thanks.

Agenda

Follow-up meeting post workshop on New NAAC guidelines 2020 on December 2-3, 2021

Minutes of the Meeting

Effort was made to summarize the focus for future activities as discussed in the workshop. Discussions on aspects that need to be strengthened were as follows –

Criteria 1

- How to push the bar – lacuna – streamline, strong policy, add on courses and increase participation of more students
- Initiate teacher diary system – these act as evidences
- Feedback forms on the website with link for direct filling
- Alignment of DU, dept & college calendar and ensure its compliance

Criteria 2

- Teaching experience only in LIC to be counted for NAAC reports
- Audit mechanisms for exams, admission audit mechanism, assessment of students on joining & plan for improvement (documentation)
- Student activity format, hold workshops on how to fill diaries, mentorship, audit sheets
- Grievance redressal mechanism – SOPs very important to represent our landscape plan for clarity among students for grievance redressal
- Diary for mentorship
- Common activity format
- Experiential learning – best practices documentation
- SSR update
- Purchase 100 diaries give to each faculty

Criteria 3

- Evidence for publication – start with annual report - Individual & faculty wise
- Timeline / Documentation of events – common template – geotagged pictures
- Non-UGC journal – Indian citation lists, scopus, pub med, peer-reviewed journals
- Importance of holding workshops - Funds received, utilized, etc. for workshops
- Innovation activities to be synergized

Criteria 4

- Clear demarcated budget supported by evidence
- Creating excel sheet with details of facilities – classrooms, etc
- Maintenance expenditure – policy – 10% of the budget on maintenance
- Cyber security – firewall & website blockers, software available etc.

- Student & computer ratio (if possible to be enhanced), IT status – bandwidth updated with number of students
- RFID on library cards
- Institutional ISBN No. for workbooks created on that and revenue generation
- Website footfall optimization generation
- Geotagged pictures

Criteria 5

- Placement of students by campus placement
- Audited statement of accounts
- Capability & skill enhancement – minimum 10-12 hours, Flyers, prior permission, etc.
- Career counseling – for competitive exams, etc.
- Awards – inter-university level, state or national level – dates of events
- Registered alumnae association
- Separate section where alumnae contribution is listed and utilized
- Calendar – ICT, soft skill, - remedial sessions – certificates to be issued

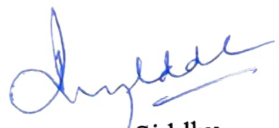

Criteria 6

- Mission & vision statement & governance is important
- Faculty empowerment – duration of FDP

Criteria 7

- Policy for PwD
- Sensitization of students towards constitution of India
- Code of conduct for students & non-teaching & faculty

The meeting concluded with the vote of thanks.

MINUTES OF IQAC COMMITTEE MEETING ON 20TH MAY 2022

Emergency Meeting of IQAC Core Committee

(11:00 am – 12:00 pm)

Members Present

1. Dr. Sushma Goel
2. Dr. Simmi Bhagat
3. Dr. Renu Malaviya
4. Dr. Ritu Mathur
5. Dr. Pulkit Mathur
6. Dr. Pooja Raizada
7. Dr. Sheetal Chopra
8. Dr. Aparna Agarwal
9. Dr. Meenal Jain

Dr. Goel welcomed the members and apprised about the NAAC mail, giving us 15 days' time to update the information. She suggested keeping target of 31st May'2022 to finish the work. For last two to three years, NAAC expects our website to complement the AQAR form. Thus, college website was also revamped and updated; however, it has not been updated after 2019-2020. Thus, latest AQAR details need to be updated on the website. We have to see criteria wise, the website vis-à-vis the information that has gone in the AQAR form, as URLs of website have been filled in the form. Criteria heads need to take the lead and collaborate with the website committee. The work has to be compiled by each criteria team; however, the conveners of each criterion must liaison with the website committee to get the documents uploaded on college website. Point was raised to create a corpus fund.

Dr. Goel informed the house that the NAAC mail was an auto-generated one, and extra time has been given to us to update the submitted data.

Dr. Raizada updated that the students' feedback was very negative, especially with respect to infrastructural facilities.

Dr. Goel informed about the peer-team review due in 2023. She shared that Ramanujan College has got an A++ NAAC rating. She suggested creating a teaching-learning centre in collaboration with such institutions for training programmes etc. One representative from each department to be a part of the centre on rotation basis and workload to be given for this.

Dr. Goel further shared that the latest matrix has been reduced to 55, a number of things have been omitted. Three heads have been given to align the work namely Research Methodology, IPR, Entrepreneurship and Start-ups. A lot of focus on time-tables and teaching plans is there in the latest matrix. Teachers' diary should thus be started. She requested Dr. Raizada to circulate a hard copy of the same with faculty, and re-share the soft copy. Dr. Pulkit Mathur

suggested going in for teaching plans instead of diaries. The house agreed and reiterated that the syllabus already has the teaching plans. Dr. Goel said that there must be parity among departments when it comes to teaching plans. The format can be created by Criterion 1 as they have it as part of their criterion. Dr. Raizada suggested taking feedback from faculty on teachers' diary. Dr. Goel suggested maintaining weekly teaching plans, teacher-wise. The house suggested having subject-wise transaction files and not teacher-wise teaching plans, just like it was done in the first cycle. Dr. Goel suggested creating a common format for the same including date. Every department must follow the same format and maintain hard copies.

Dr. Chopra suggested working on the placement cell and strengthen the team. Dr. Bhagat suggested expanding the basket of industries and include more entry level jobs for UG students like data entry. House suggested having placement meets exclusively for our students. It should be made compulsory for all students, and those planning to opt for higher studies should be made to fill a Google form saying so, so that complete data is available with the college.

Dr. Goel suggested running short skill based certificate courses to make the students employable, like data entry, TALLY etc. The courses should be offered in the first year of Bachelors itself and teachers must also facilitate students in doing online MOOCs etc. Placement cell should play an active role in facilitating the students. Alumnae and students' body need to be involved.

Dr. Goel concluded the meeting by reiterating the following points:

- Focus has to be on AQAR form and each member must see what all needs to be uploaded/updated on college website.
- Anything that needs to be changed or edited in AQAR form needs to be seen.
- No gaps or blanks to be left in the AQAR form.
- All the criteria need to be inter-linked.
- Criteria wise meetings to be held with core committee to review each criterion.
