

The department offers a full-time Ph.D. program to Home Science post-graduates in the domain of Fabric and Apparel Science. The PhD programme focuses on a wide range of areas such as

- Documentation of traditional textile crafts and costumes
- Capacity building and economic growth of artisans
- Studies related to the conservation of textiles
- Anthropometric studies for standardization of sizes and pattern making
- Studies on clothing for special needs
- Rehabilitation of specially-abled
- Studies related to consumer awareness and market trends
- Chemical processing of textiles
- Development of eco-friendly products and processes
- Use of natural sources for dyeing and finishing of textiles
- Sustainability analysis of textile and apparel

Eligibility criteria for Ph.D. are as per the Department of Home Science and the University of Delhi rules.

Coursework is an integral part of the Ph.D. programme.
