Head

Dear Dr. Manish,

All of us do agree that 'Sustainable Development' has been securing increasing attention of National and International Institutions and Communities. Education has potential to bring the cause of "Sustainable Development" as powerful tool to effect desired changes in the society. In this connection, the teachers and teacher preparation institutions assume important role towards building enlightened knowledge society, by addressing the issues and facilitate achieving sustainable development.

The importance and significance of Education for Sustainable Development (ESD) has been emphasized in the NPE 2020. Many developments have taken place related to the achievement the implementation of NPE 1986 and the launch of NPE 2020. It may be appreciated that more focused efforts are needed for updating knowledge, understanding and impact of positive disposition of teachers and teacher educators to ensure positive contribution of education at school level for sustainable development in the country.

In view of above, the Department of Teacher Education has initiated a project entitled "Development of E-Content on Education for Sustainable Development for Teachers & Teacher Educators" with intent aim of developing e-content for Education for Sustainable Development (ESD) for teachers and teacher educators with appropriate content and impact. This E-content will enable the teachers to understand the basic concepts, developments and practices related to Education for Sustainable Development including important social, environmental, economic, cultural and other dimensions/competencies. It is proposed to integrate them into all spheres of teaching learning including curriculum related practices, classroom practices and the institutional practices.

An inaugural session, the Department proposes to organize one days Workshop during 15th/20 November 2021 from 10:00 AM to 5:00 PM through virtual mode to identify important themes in ESD to be integrated in the teacher education programmes in the light of NPE 2020 and to develop the guidelines for using the available literature on appropriate material.

It is requested to kindly invite the invitees to attend the workshop as executive persons in your schools. Attendance will be given at your discretion. For any information, Prof. Madhulika S Paul, Programme Coordinator may be contacted 8887101987.
